

Suburban EMS

Activity Book

Here's a list of safety tips you can try out for yourself, share with your parents and your friends!

- 1. Always let your parents know where you are going, who you will be with and what time you will arrive home.**
- 2. Do not go anywhere by yourself, try to always use the "buddy system."**
- 3. Always ask permission from your parents before going to someone's house or with them in the car.**
- 4. Never get into anyone's car unless a parent gives you permission to do so.**
- 5. Never open your house door to a stranger; this includes cable person, phone person or anyone else in a uniform you don't know. Have your parents check first to make sure it's ok.**
- 6. It is ok to call the local police or 9-1-1 to make sure a person who claims to be a police officer is telling the truth**
- 7. Never take any gifts, surprises, or candy from a stranger**
- 8. Never play in an area that you cannot be seen by a parent or guardian and or near a deserted building.**
- 9. Always go with your instincts and go somewhere safe if you are fearful of someone or someplace.**
- 10. In an emergency call 9-1-1 and tell the person on the other end "I NEED HELP." If you cannot talk, don't hang up because the police can trace your location and find you.**
- 11. Never stop fighting back if someone makes you do something that makes you feel uncomfortable or takes you somewhere away from your parents.**
- 12. Never go the bathroom in a public place by yourself, go with either a friend or a parent.**
